in this book tobias röding addresses the topic of technology use along different touchpoints in context of different services in retailing both in offline and online retail with a total of eight essays in particular the interaction of technology use and the frontline employee is also considered and a special focus is placed on aspects of data disclosure by customers in this context the essays concentrate in varying degrees on the social interaction between customer frontline employee and a service technology as well as on the balancing of benefits and risks for the customer in a possible disclosure of personal information based on the essays findings implications for both practice and academia are provided

popular music is not simply a series of musicians moments genres or recordings audiences matter and the most ardent audience members are the fans to be a fan is to feel a connection with music the study of fandom has begun to emerge as a vital strand of academic research one that offers a fresh perspective on the nature of music culture dedicated to music investigates fan identities and practices in different contexts and in relation to different bands and artists through a series of empirical case studies the book reflects a diverse array of objects and perspectives associated with this vibrant new field of study contributors examine how fans negotiate their

identities and actively pursue their particular interests touching on a range of issues including cultural capital generational memory gender fan fiction and the use of new media this book was originally published as two special issues of popular music and society

this book combines an authoritative examination of the field of discourse based research with practical guidance on research design and development the book is not prescriptive but instead invites expansive innovative thinking about what discourse is why it matters to people at particular sites and how it can be investigated the authors identify a set of questions that they argue are crucial for understanding discourse part i of the book explores the implications of these questions providing a comprehensive survey of relevant scholars theories concepts and methodologies part ii addresses these implications setting out a multi perspectival approach to resourcing and integrating micro and macro perspectives in the description interpretation and explanation of data part iii offers wide ranging resources to support further reflection and future research ultimately this book offers a new research approach for students researchers and practitioners in applied linguistics to encourage and support research that can be truly impactful through its relevance to social and professional practice

corresponding to the organization of most child development textbooks each chapter of this text contains 5 6 personal narratives and each narrative covers a different concept issue or topic within a given age period students see theory and research come alive through dynamic and insightful first person accounts about timely issues become engaged in critical thinking about gender multi cultural ethical theoretical and research issues and gain exposure to complex life events and ethical dilemmas

examining argumentation in context fifteen studies on strategic maneuvering contains a selection of papers on strategic maneuvering in argumentative discourse starting point of all of these contributions is that a satisfactory analysis and evaluation of strategic maneuvering is possible only if the argumentative discourse is first situated in the communicative and interactional context in which it occurs while some of the contributions present general views with regard to strategic maneuvering other contributions report on the results of empirical studies examine strategic maneuvering in a particular legal or political context or highlight the presentational design of strategic maneuvering examining argumentation in context therefore provides an insightful view of recent developments in the research on strategic maneuvering which is currently prominent in the study of argumentation

an ideal workbook or quick reference suitable for beginning and intermediate learners a volume in the popular practice makes perfect series

this new chronological edition is based on the well established topically organized text by bukatko and daehler child development a thematic approach 5 e addressing physical social and emotional development in a linear fashion this text starts with pre prenatal development and progresses through birth and the newborn baby infancy and toddlerhood early childhood middle childhood and adolescence developed to accommodate the more applied focus of courses in nursing parenthood education family studies and human ecology this text benefits from the authors focus on research through an emphasis on developmental themes five themes on development are found in every chapter and are listed in the chapter opener called out in the margin where the theme is addressed and summarized in a summary of developmental themes section at the end of the chapter the five themes explore nature and nurture sociocultural contexts continuous vs discontinuous development the domains of development and risk or resilience in development extensive contexts of development chapters for each development stage broaden the scope of the issues discussed by examining the child adolescent within the context of family peers and community research applied to parenting education boxes provide practical advice based on research findings and cover such topics as reducing sids monitoring tv viewing reciprocal teaching and reading to children atypical development sections focus on topics related to non normative development including eating disorders autism attention deficit disorder detecting hearing loss depression conduct disorders and post traumatic stress disorder ptsd summary tables are two page graphic timelines that summarize the various milestones of development and show the sequence of the child s development within a given domain infancy early childhood middle childhood adolescence chapter opening vignettes draw students into real life scenarios by applying and exploring concepts of development marginal features see for yourself and what do you think invite students to critically evaluate and explore further related material on the online study center additional pedagogy includes section summaries within each chapter and comprehensive chapter recaps that feature a summary of developmental themes a chapter review and a list of key terms and concepts

stewart a man who addressed the central paradox of the field its homelessness as a discipline in an academic community that prides itself on specialization

in this work of historically informed political theory kimberly smith sets out to

understand how nineteenth century americans answered the question of how the people should participate in politics did rational public debate the ideal that most democratic theorists now venerate transcend all other forms of political expression how and why did passion disappear from the ideology if not the practice of american democracy to answer these questions she focuses on the political culture of the urban north during the turbulent jacksonian age roughly 1830 50 when the shape and character of the democratic public were still fluid smith s method is to interpret in light of such popular discourse as newspapers and novels several key texts in nineteenth century american political thought frederick douglass s fourth of july speech and narrative angelina grimke s debate with catharine beecher frances wright s lectures and harriet beecher stowe s uncle tom s cabin such texts smith finds highlight many of the then current ideas about the extremes of political expression her readings support the conclusions that the value of rational argument itself was contested that the emergent enlightenment rationalism may have helped to sterilize political debate and that storytelling or testimony posed an important challenge to the norm of political rationality smith explores facets of the political culture in ways that make sense of traditions from whiggish resistance to protestant narrative testimony she helps us to understand such puzzles as the point of mob action and other ritualistic disruptions of the political process our simultaneous attraction to and suspicion of political debates and the appeal of stories by and about victims of injustice also found in her book are keen analyses of the antebellum press and the importance of oratory and public speaking smith shows that alternatives to reasoned deliberation like protest resistance and storytelling have a place in politics such alternatives underscore the positive role that interest passion compassion and even violence might play in the political life of america her book therefore is a cautionary analysis of how rationality came to dominate our thinking about politics and why its hegemony should concern us ultimately smith reminds the reader that democracy and reasoned public debate are not synonymous and that the linkage is not necessarily a good thing

deals with improvisation an activity in which children act through a scene without a preconceived plan primarily to develop language skills

native peoples of north america still face an uncertain future due to their unstable political legal and economic positions views of their predicament continue to be dominated by non indian writers in response a dozen native american writers here reclaim their rightful role as influential voices in debates about native communities these scholars examine crucial issues of politics law and religion in the context of

ongoing native american resistance to the dominant culture they particularly show how the writings of vine deloria jr have shaped and challenged american indian scholarship in these areas since 1960s they provide key insights into deloria s thought while introducing some critical issues confronting native nations collectively these essays take up four important themes indigenous societies as the embodiment of cultures of resistance legal resistance to western oppression against indigenous nations contemporary native religious practices and native intellectual challenges to academia essays address indigenous perspectives on topics usually treated by non indians such as role of women in indian society the importance of sacred sites to american indian religious identity and relationship of native language to indigenous autonomy a closing essay by deloria in vintage form reminds native americans of their responsibilities and obligations to one another and to past and future generations this book argues for renewed cultivation of a native american studies that is more indian centered

a study of the english legal system this new edition brings the book up to date with changes in the law since the first edition major developments include the human rights act 1998 the woolf reforms of civil justice the funding of civil litigation and developments in criminal justice
