j l moreno wrote books chapters and articles about psychodrama his writing like the method he pioneered is rich and complex many students practitioners and participants around the world have encountered moreno s work in action however fewer people may have had the opportunity to read and think about the words of the father due to the limited availability of key texts a desire to ensure moreno s work is available to the widest possible audience inspired members of the north west psychodrama association to work together to re publish the books in this series we hope by doing so j l moreno s words will continue to reverberate across time and space inspiring new generations of practitioners to be as creative and spontaneous as is possible whilst managing the complexity of modern day practice
